CONTRACTOR QUOTE FORM

Project # RFQ-MCC-2204_____ Name: _Athol Rd Lift Station Upgrade___

Closing Date: Tuesday, August 23, 2022__ Closing Time: ____2:00pm___

The Municipality of the County of Cumberland is currently accepting "Quotes" from parties interested in:

Athol Road Lift Station Upgrade

The Municipality of Cumberland is requesting quotes on updating electrical components and controls at one of our wastewater lift stations. Please provide a quote including scope, personnel/qualifications, schedule, and fee and return e-mail.

The Athol Road lift station consists of a ~1989 era Gorman-Rupp pump control panel and 2 Flygt 3127 10 hp pumps. The station is 3 phase 208 volt.

Scope of work:

1. Contractor is responsible for any permits and coordination with NSP
2. Remove existing control panel and obsolete wiring.
3. Supply and install new duplex pump control panel, c/w SCADAPack 314 or equivalent RTU
4. 400mhz Schneider Trio radio, to match existing infrastructure
5. Supply and install new antenna, 7" touchscreen HMI, motor starters, ethernet switch, control transformer, circuit breakers, and associated control panel materials.
6. New level transducer – submersible or ultrasonic acceptable
7. Program SCADAPack and HMI to suit customer requirements for pump control
8. Plan work and schedule accordingly to minimize time lift station is out of service.

To avoid incurring additional costs associated with procuring alternate pumping methods, the Municipality prefers to limit the downtime of the lift station to one business day.
