RFP-MCC-2402
Addendum #4

To All Bidders of RFP-MCC-2402:

Attached you will find a copy of the vehicle schedule. Items in the attached in yellow could be on property schedule as equipment.

- Can you please confirm which of these highlighted items are plated for the road, if any ? Noted in attached schedule.
- Some of these items If plated for the road can be covered on the auto , however we would prefer that physical damage be on the property policy. Please advise this is ok. We would be open to this option providing it doesn't impact our level of coverage.

Also:

- 1983 GMC fire truck value $700,000 – should this be on this Municipal policy or the fire dept policy ? Value seems high, what was purchase price? This is a retired fire truck that is now used in Public Works for flushing sewer lines. The value is based on what a replacement vehicle would cost.
- Is this unit used as a regular fire truck ? No
- Lowest deductible for this unit would be $15,000 All perils . This would be fine.

A signed copy of each Addendum must also be included with the bid submission. Failure to include this Addendum may be cause for rejection. If you have any questions, please contact Shelby Hum at shelbyhum@cumberlandcounty.ns.ca

ALL OTHER SPECIFICATIONS, TERMS AND CONDITIONS REMAIN UNCHANGED.
