

**RFP-MCC-2617
Addendum #1**

To All Bidders of RFP-MCC-2617:

Please note: the following addendum applies to RFP-MCC-2617 and shall be taken into consideration when preparing bid documents.

Question

Would it be okay to build the sign slightly different from the specs in the Tender. Please see attached.

Answer:

Yes, in order to meet engineering requirements.

As outlined in the RFP, the included engineered drawing provided does not meet specs of the intended finished sign and therefore a new engineered drawing must be provided to match the scale of the intended finished product. Small changes to dimensions are permitted provided the overall scale, look and feel of the sign stays the same. A detailed engineered drawing outlining the proposed sign must be provided.

A signed copy of each Addendum must also be included with the bid submission. Failure to include this Addendum may be cause for rejection. If you have any questions, please contact Shelby Hum at shelbyhum@cumberlandcounty.ns.ca

ALL OTHER SPECIFICATIONS, TERMS AND CONDITIONS REMAIN UNCHANGED.
