Appendix A - Streetlight Inventory 13

1. Introduction

The Municipality of the County of Cumberland is seeking a qualified contractor to remove existing High Pressure Sodium (HPS) Streetlights, and install Light Emitting Diode (LED) Streetlights in their place throughout Cumberland County, Nova Scotia. There are approximately 850 lights to be installed, with the new LED fixtures provided by LED Roadway Lighting in Amherst, NS. It is the expectation of the Municipality that all HPS fixtures are replaced by May 31, 2020.

This Request for Proposal defines both the form and content required of the proposal. You are urged to structure your response in accordance with the terms of this RFP. These criteria will determine whether a Proposal is complete, appropriate and competitive. Proposals that do not conform to these terms and conditions may be given lesser weight than others, or may be rejected.

This document is not intended to limit the content of Proposals, but rather, to provide a common framework for the Municipality to assess each Proposal in a professional manner in a demonstrably fair process. Proponents may provide unsolicited information if they consider it to be relevant.

1.1 Situation Overview

The Municipality of the County of Cumberland recently took over ownership and responsibility for 2415 streetlights within its boundaries from Nova Scotia Power. Among these lights, approximately 850 are not LED fixtures, and need to be replaced. The Municipality has awarded a fixture supply contract to LED Roadway Lighting. It is now seeking a qualified contractor to install these lights throughout the County.

1.3 RFP Scope / Deliverables

LED light fixtures are to be installed, levelled and/or aligned to the road surface as per the instructions of the manufacturer. Photocells or Shorting Caps shall be installed as required.

Where the replacement of pole wire is required, the supply of new wire and or fuse kits shall be provided by the Contractor. NSP has indicated to the PROPONENT that they are specifically aware that bonding/fusing requirements will need to be met in accordance with Canadian Electrical Code (CEC) Part 1. The successful Bidder will need to ensure that this equipment is upgraded and inspected for compliance with the CEC. These items shall not be a pay item and shall be included in the proposed unit price for install of the LED streetlight.

Work shall be completed in compliance with applicable NSP Bulletins, including:

B-30-1000 (https://www.nspower.ca/docs/default-source/pdf-to-upload/b-30-1000-installation-and-inspection-requirements-for-street-and-roadway-lighting-systems.pdf?sfvrsn=cae87ea6_0)

Nova Scotia Labor Bulletin 2012-02
(https://novascotia.ca/lae/electricalsafety/docs/Bulletin2012-02A_000.pdf

Each light fixture installed will require the following information to be recorded:
- location description
- pole number if present
- GPS coordinate
- driver current
- wattage
- distribution type
- date - time stamp
- bracket type
- description of various arms and davit types that are installed or replaced
- photo of installed fixture

Streetlight installation records are to be updated in real time. This is to be in coordination with the Municipality's Geographic Information System and Analyst (such as using ArcGIS Collector to update streetlight data records from the technician's mobile device as the work is completed).

The Contractor shall make entry of this information and complete the file to the satisfaction of the PROPONENT. The completed file shall be returned to PROPONENT in electronic format as a progress file each month with the monthly progress invoice and a complete file at the end of the project.

The Contractor shall be responsible for the disposal and/or salvage of all removed streetlight fixtures. This is to be done in compliance with all applicable environmental and regulatory standards.

1.4 Project Schedule and Work Location

Work shall take place throughout Cumberland County. Below is the approximate schedule that is expected to be followed for this RFP. However, this may be subject to change and is therefore presented primarily for guidance:

- Preferred work start date: (February 10, 2020)
- Preferred work completion date: (May 31, 2020)

Exact locations of all streetlight fixtures in Cumberland County, including the non-LED fixtures to be replaced, is included in Appendix A.

1.5 RFP Contacts

Questions about this RFP should be directed to the individuals listed below, or their designate(s). Information that is obtained from any other source is not official and may be inaccurate.

Project Contact	Procurement Services
Raymond Hickey Executive Director Municipality of the County of Cumberland 1395 Blair Lake Rd Upper Nappan NS B4H 3Y4 rhickey@cumberlandcounty.ns.ca 902-667-2469	Kellie Seaman Procurement Municipality of the County of Cumberland 1395 Blair Lake Rd Upper Nappan NS B4H 3Y4 kseaman@cumberlandcounty.ns.ca 902-664-9243

2. Administrative and Legal Requirements

2.1 Asking Questions

The proponent is responsible for obtaining any needed clarification of the RFP requirements, while the RFP is open. Questions should be directed in writing to the RFP contact identified. Email is the preferred method of contact. Verbal questions and responses that are not later confirmed in writing with the RFP contact will not be considered an official response.

Questions and responses that are deemed to materially affect the RFP requirements, project scope, time lines, etc. or to be of interest to all prospective proponents may be made available at the Municipality's option. Is so, this would be handled as an addendum while the RFP is open and made available for download from the Provincial Procurement Services site and the Municipality's website.

2.2 Addenda and Addenda Acknowledgement

Proponents are responsible to ensure that they are aware of and have complied with any addenda issued by visiting the Procurement Services Web site (www.gov.ns.ca/tenders) or the Municipality's website (www.cumberlandcounty.ns.ca).

Responding to this RFP may require the acknowledgement of a specific addendum or multiple addenda as part of the submission. Acknowledgement requirements, whether optional or mandatory, will be defined tin the addendum. The proponent must monitor for any addenda that may be issued during the full open period of the RFP.

2.3 Constraints

The Municipality is required to comply with the 'Personal Information International Disclosure Protection Act' (PIIDPA; S.N.S. 2006, c.3). The Act creates obligations for the Province of Nova Scotia and its service providers when personal information is collected, used or disclosed. Requirements include limiting storage, access and disclosure of personal information to Canada, except as necessary or otherwise required by law. Provisions related to PIIDPA are included in contract, as reflected in section 3.3. Information about the Act is available online at:
http://www.gov.ns.ca/legislature/legc/statutes/persinfo.htm

2.4 Conflict of Interest

The Municipality reserves the right to disqualify any Proponent that in the Municipality's sole opinion has an actual or potential conflict of interest or an unfair advantage, whether existing now or is likely to arise in the future, or may permit the Proponent to continue and impose such terms and conditions, as the Municipality in its sole discretion may require.

Proponents are required to disclose, to the RFP Contacts, any potential or perceived conflict of interest issues prior to RFP closing date and time.

2.5 Special Conditions

The successful proponent will invoice the Municipality monthly. Payments will be issued based on completion percentage of the project at the close of the month. The final payment will be made upon satisfactory completion of the project.

2.6 Proposal Format

To help ensure consistency in proponent responses and ease the evaluation process, the proposal should be prepared and packaged, as outlined in the sections that follow. Please print double-sided whenever possible and limit promotional and/or marketing materials to the information specifically requested in this document.

2.6.1 Structure of Proposal Document

The proposal document should be comprised of the sections below, presented in the order listed:

- Title page – This should clearly identify the proponent's names, postal address, telephone number and email address; as well as the project title as shown on the cover page of this RFP.

- Table of Contents

- Body of Proposal – This should include the proponent's technical and pricing responses. The body should be no more than 10 pages, excluding appendices.

- Appendices – These should include any additional information that supports the proposed services. Entries for each appendix should appear in the Table of Contents.

2.6.2 Bid Package

A complete, labeled bid package is comprised of the elements below, presented in the order listed:

One (1) Letter of Introduction – This should identify the proponent and be signed by a signing officer for the proponent in order to bind the proponent to the statements made in the proposal.

One (1) Original – This is the Proposal Document containing the Technical and Pricing responses. The title page should be marked with the text 'ORIGINAL' at the top. The Original should be left unbound.

Quantity (3) Copies – Proposals without the correct number of copies may be rejected. The title pages for the Copies should be prepared in the same way as the title page for the Original, except these should be marked with the text 'COPY' at the top. In the interest of sustainability, please refrain from using binders, binding, plastic covers, etc. when submitting the proposal.

One (1) Electronic Copy– Prepare an electronic copy of your proposal as a Portable Document Format (PDF) file. The file name should include an abbreviated form of the proponent's name and RFP-MCC-2001. Electronic copy must be on a virus-free USB drive.

2.6.3 Bid Submission

External packaging – Ensure the external packaging reflects the information listed below:

Proponent's Name
Shipping Address
Telephone Number
RFP-MCC-2001

2.6.4 Official Record of Submission

The Original and Copies should be identical (excluding any obvious differences in labelling, as noted). If discrepancies between these items are discovered during the evaluation or during the life of the contract that emerges from this RFP, the Original retained by Procurement shall be taken as the correct version and the proponent will be advised accordingly.

3. Response Requirements

3.1 Technical Response

3.1.1 Executive Summary

Provide a summary of your technical response, highlighting the key features of your proposal. It should allow the evaluation team to quickly gain an overall perspective of your proposal, prior to reviewing it in detail.

3.1.2 Understanding of Service Requirements

Provide a summary of your understanding of the service requirement defined in this RFP. This content should be expressed in your own words and not simply recite the requirements as defined in this document.

3.1.3 Proposed Approach/Process and Project Plan

Describe the approach and/or process proposed to address the service requirements. Include any notable methodologies, tools and techniques,

and their respective suitability to this project. Also provide a project plan that reflects your proposed approach/process and demonstrates your ability to meet the milestones.

3.1.4 Demonstrated Expertise

Outline experience with comparable projects. Describe any similarities to or difference from this project.

3.1.5 Project References

Provide three project references for any work done by your firm in the past three years that is similar in nature to the requirements defined in this RFP. Select clients that are similar to Municipal Government, and provide a contacts name, along with his/her phone number, fax number and email address. The reference information provided should identify the size of the projects conducted for them as well as demonstrate the extent of your previous experience, the clients' overall satisfaction with your services and the results achieved, including your adherence to interim and final deadlines.

3.1.6 Proposed Project Manager, Resume and References

The successful proponent is expected to provide all the necessary project management to complete the services proposed in response to this RFP.

Identify the project manager proposed for this project and describe their experience.

Include his/her resume. This should be structured to emphasize his/her relevant qualifications and project management experience in successfully managing projects of a similar size and scope to that required by this RFP

The resume should include at least two project references, including:

- Name of client organization
- Name, title, telephone number and email of a client contact
- Brief description of the scope, complexity, dates and duration of the project.

3.1.7 Proposed Resources, Resumes and References

The proponent should be able to demonstrate that its proposed team as a whole meets or exceeds the service requirements. Prepare a table to identify all personnel who will be assigned to the project and contribute to (i) the routine management and/or (ii) the performance of the required services. Provide each person's name, title, role on this project, experience in this role and his/her respective employment status.

3.1.8 Management of Project Risk

Describe any perceived risks to project completion, and outline strategies that will be used to mitigate these risks.

3.1.9 Resource Management

By virtue of responding to this RFP, the proponent is committing to make the proposed resources available to this project when needed and, once the project begins, it agrees to take any steps necessary to ensure the ongoing availability of its proposed resources during this project.

The Municipality acknowledges that instances can arise where a proposed resource is no longer employed by or associated with the proponent, or is otherwise unavailable to the proponent at the time of the service requirement. In these cases, the proponent agrees to provide replacement resources with equivalent (or greater) experience and capability, and the selection of the replacement resources will be subject to the approval of the client department.

In the proposal, describe the process that would be used for including the client department in the selection of replacement resources and for securing client department approval. Describe how changes in the project manager in particular would be handled, if this becomes necessary.

If new service requirements emerge during the project, the client department will make every effort to provide the successful proponent with as much advance notice as possible. Describe the process and typical timelines involved in making additional resources available to this project.

Describe the process that would be used to resolve a situation where the client department concludes that an assigned resource from the proponent is not performing their responsibilities adequately.

3.2 Pricing Response

3.2.1 Estimated Cost – Fixed Price

Prepare a fixed price for your proposed services. Provide appropriate details to support these figures, including estimates of the work effort and breakout of expected expenses. This fixed price shall be inclusive of all labour, equipment, tools, materials, and all other expenses required to install supplied LED fixtures at the locations described in Appendix A.

3.2.2 Other Expenses

The Proponent is requested to provide a unit price to install single LED fixtures not included in Appendix A. This unit price shall include all labour, equipment, tools, and materials required to install supplied LED fixtures. The unit price for installation of single LED fixture shall not include expenses for travel time and mileage. The Proponent is requested to rates for travel time and mileage to be charged if additional work is requested and remobilization is required.

4. Proposal Evaluation

4.1 General Information

The Evaluation Team will consist of representatives of the Municipality of the County of Cumberland. It is understood and accepted by the proponent that all decisions about the degree to which a proposal meets the requirements of this RFP are the judgment of this Evaluation Team.

To assist in the evaluation of the Responses, the Evaluation Committee may, but is not required to:

- Conduct reference checks relevant to the proposal with any or all of the references cited in a response to verify any and all information regarding a proponent and rely on and consider any relevant information from such cited references in the evaluation of responses.

- Conduct any background investigations that it considers necessary in the course of the evaluation process and consider any relevant information resulting in the evaluation of Responses;

- Will only seek clarification from a proponent if the requested information is ambiguous or missing and if such clarification does not offer the proponent the opportunity to improve the competitive position of its response. To the extent possible, requests made by the Evaluation Team will be sent from the email addresses of the RFP Contacts.

The proposal will be examined in accordance with the evaluation process and criteria outlined in the sections below.

4.2 Evaluation Process

The bid will be evaluated using the following process:

Stage 1: Verify each bid's compliance to the Mandatory Criteria below, and disqualify any bids that fail to meet these.

Stage 2: For bids that pass the Mandatory Criteria, evaluate and score each one, using the Desirable Criteria and weights.

4.3 Stage 1 – Mandatory Criteria

The proposal must meet all of the following mandatory criteria and clearly demonstrate that these are met in a substantially unaltered form. If the proposal fails to meet any one of these criteria, it will receive no further consideration during the evaluation process and be deemed non-compliant.

- The proposal must clearly demonstrate the proponent's experience and ability to fulfill the service requirements identified.
- All proposals must be submitted in Canadian dollars (CDN) exclusive of all taxes
- The project team must have experience in similar undertakings
- Proof of Insurance exceeding $5 million
- Proof of Workers Compensation coverage
- NS Construction Safety Certificate of Recognition

4.4 Stage 2 – Desirable Criteria

If the proposal meets the Mandatory Criteria it will be further evaluated using the Desirable Criteria. Scores will be recorded for each criterion and total score will be determined.

Relevant Skills and related experience possessed by Project Manager and Consultant Firm staff along with depth of staff roster	20%
Understanding of Service Requirements	10%
Proposed Approach/Process and Project Plan	20%
Cost of professional services offered and level of effort	50%
Total	100%
